

You're kidding! Buy plants on line? We are talking *live* plants?

**We guarantee your
money back if you're not satisfied.
You won't even have to return
the plant...**

Why not, you buy everything else on line why not indoor plants? At work your employer has probably invested in plants to improve the health and amenity of your workplace. Doesn't your family deserve as much?

But why on-line, shouldn't you go to a nursery? Most nurseries are concerned with plants for the garden and don't have the facilities to maintain indoor plants. Enviro Doctor has been supplying and caring for plants in offices for over thirty years.

We know indoor plants and we back our knowledge with a no questions asked money back guarantee.

Come on, click onto www.envirodoctor.com.au and give your family the living experience they deserve. You'll all enjoy it.

We will send you a **free** sample pack of **Envirosustain**, our specially formulated indoor plant food, for every registration.
